

Legislation to Stop the Spraying

\$190 of \$3,360 goal

Raised by 13 people in 2 months

Thank you so much for your interest in the effort to put an end to the psychopathic war machine and help save the world!

I am here because I need financial help to pay Environmental Legal Consultant, Alexandra May Hunter, to draft a state-specific resolution document for New York, and put the most corrupt state in the union on LEGAL NOTICE for the overhead spray CRIMES it allows to be perpetrated!

[\(https://www.facebook.com/Aerosol-Spray-Crime-Watch-1408589506067194/\)](https://www.facebook.com/Aerosol-Spray-Crime-Watch-1408589506067194/) I am determined to have the spraying stopped immediately.

Activating against the tropospheric spray crimes is something that I take very seriously.

I am willing to speak to the necessary people, and to do the work that needs to get done in order to push the document through into law.

Alexandra's fee to research and write up her solid legal action plan is exactly \$3200.

I have added \$160 to make up for the 5% gofundme takes, making the campaign's total goal to be \$3,360.

I will post updates regularly.

I will not withdraw any funds until the goal is reached.

I need this money by mid- February 2017, so I can have everything I need by the first week of March, and hit the ground running in the spring.

Helping me is to help yourselves.

Helping NY is to help the world.

Please help me to do this.

Thank you.
