

WORLD METEOROLOGICAL ORGANIZATION
Tenth WMO Scientific Conference on Weather Modification
(Bali, Indonesia, 4-7 October 2011)

SECOND ANNOUNCEMENT

The host of the Conference, Indonesian Agency for the Assessment and Application of Technology (BPPT) has just launched the web page <http://ina-wxmod.com/conference/> dedicated for the Conference logistics. It includes the information on the Conference venue, on hotel accommodation details, on invitation letter application (for participants needing entry visa) and on other logistics details. Hotel Sanur Beach Bali has been selected for the Conference venue and for accommodation. Other hotels in the venue neighbourhood are also given as a choice.

Hotel Sanur Beach Bali

Please find below the list of deadlines for interested participant's attention:

27 June: Submission of the extended abstracts. On the WMO Conference web page, <http://www.wmo.int/wxmod> you will find a MS Word template for preparing abstracts.

15 August: Participants who submitted extended abstracts will receive a notification on the acceptance of manuscripts. As indicated before, presentations of scientific results will be organized through oral (planarity Conference) and poster sessions.

As previously announced, some financial support will be available for participants with accepted abstracts.

During the Conference, an exhibition space is secured for interested organizations and companies. More details on this issue will be soon posted on the WMO Conference web page.

29 August: The 3rd Announcement will be posted: it will include the Conference programme and provide additional information on local logistics.

Please register before **5 September**. Participants expecting a possible long process of obtaining an entry visas should register as soon as possible and apply for the invitation letter from the Conference local host, following instructions shown on <http://ina-wxmod.com/conference/>.
