Geoengineering: Heavy Metal Rain in the Fresno California Area

by [Pam Jones](#)

5-19-2015

Government officials and Geoengineers are proposing to spray 10-20 million tons of toxic metal and chemical aerosols into the sky annually to "slow global warming", while blatantly lying and deceiving the public about the fact that these programs have already been underway for years. Lab tests have disclosed extremely high levels of these metals in rain, ground water and atmospheric tests worldwide.

They are doing this WITHOUT YOUR INFORMED CONSENT

Blood and urine tests reveal alarming levels of aluminum, strontium, barium, cadmium and other chemicals known to cause:

Cancer	Immune System Decline
Asthma	Blurred Vision
Alzheimer's	Ring in Ears
Headaches	Muscle Weakness
Skin Disorders	...and much more

Does this internet photo show the interior of a chemical plane?

Patent number: 7413145 - "Systems and Methods For Aerial Dispersion of Materials" (fled by none other than the CIA's EVERGREEN AIR)

Would You Consent To This?

- **Monsanto's Drought, Aluminum & UV Resistant Seeds** now necessary due to geoengineering damage
- **Severe Drought, Flooding & Storms** as geoengineering has completely disrupted natural weather cycles & systems
- **Forests Devastation** Drought, extreme UV, toxic metal fallout is killing trees, causing fires
- **Shredding Ozone Layer** Geoengineering particulates are known to destroy ozone
- **Very Dangerous Levels of UV Radiation** Recent UV tests reveal off the chart UVB radiation
- **Radical Increase in Alzheimer's Disease** 4.6 Million New Cases every year
- **10,000% Increase in Autism** since 1975
- **Alarming Honeybee Die Off** even in remote areas where the only likely source of contamination is geoengineering
- **As many as 200 Species of Plants & Animals Going Extinct Every Day** over 10,000 times normal rates

These devastating programs are being deployed with NO studies or research whatsoever on their potential health effects.

The media, public servants, and others who should be acknowledging geoengineerings' lethal effects have remained silent and indifferent. Such organizations and individuals should be held accountable every bit as much as those directly responsible for the spraying.

GEOENGINEERINGWATCH.ORG
and help put a stop to geoengineering!

Horrifying news just came in here in Fresno Ca. I am speechless at the results from this Fresno Ca. Heavy Metal Rain Test done by local vet, Mario Ramirez. Below is his statement. He stood with me at the SJV Air Pollution Board meeting, we told them what is going on in the sky's above our heads. I've told them multiple times yet they do not act. Look, We Are Right... its sad, so sad..... they are poisoning us. The question is WHO exactly and how do we STOP them? This is the Biggest Crime Against Humanity Ever. pam jones~

"As a veteran it has come to my attention that my people are being poisoned. The people of this great

nation are being sprayed with a toxic mixture of metals in aerosol form. To act like this is not going on is a hazard to all life on earth. There are countless articles proving this is not a conspiracy but a fact with evidence. Unfortunately people don't take action until it effects them. Well citizens of Fresno here is a test result from your rain water. 170% above normal aluminum, 220% above normal barium, and 320% above normal strontium. These metals are in patents being sprayed. Here is the evidence. Do you believe you are being sprayed? I spent my own money to bring you awareness. Now what are you going to do about it? Will you stand with us?."

Mario Ramirez~

Please join Mario and I for updates on GAN (GeoEngineering Action Network) Its a page devoted to ACTION. And we will be posting our CALLS FOR ACTION on there as we prepare for the upcoming california state wide air quality board meeting next month where we will present these results, We will need your phone calls and support as we move forward fighting this beast. thank you pj -

Attention:

Project: GENERAL TESTING

Description: FRESNO/RAIN

Matrix: Water

Lab No: 15E0157

Reported: 05/18/15

Phone:

P.O. #

Lab ID: 15E0157-01

Sampled: 04/18/15 16:30

Received: 05/05/15 13:03

Metals - Total

Analyte	Units	Results	Qualifier	MDL	EL	Method	Analyzed	Prepared	Batch
Aluminum	ug/l	8.5		1.5	3.0	EPA 200.8	05/11/15	05/07/15	85E0854
Barium	"	1.1		0.1	0.5	"	"	"	"
Strontium	"	1.8		0.1	0.5	"	"	"	"

Notes and Definitions

DET	Analyte DETECTED
ND	Analyte NOT DETECTED at or above the detection limit
NR	Not Reported
dry	Sample results reported on a dry weight basis
RPD	Relative Percent Difference
<	Less than reporting limit
≤	Less than or equal to reporting limit
>	Greater than reporting limit
≥	Greater than or equal to reporting limit
MDL	Method Detection Limit
RL/ML	Minimum Level of Quantitation
MCL/AL	Maximum Contaminant Level/Action Level
mg/kg	Results reported as wet weight
TTL/C	Total Threshold Limit Concentration
STL/C	Soluble Threshold Limit Concentration
TCLP	Toxicity Characteristic Leachate Procedure
Note 1	Received Temperature - according to EPA guidelines, samples for most chemistry methods should be held at ≤8 degrees C after collection, including during transportation, unless the time from sampling to delivery is <2 hours. Regulating agencies may invalidate results if temperature requirements are not met.
Note 2	According to 40 CFR Part 136 Table II, the following tests should be analyzed in the field within 15 minutes of sampling: pH, chlorine, dissolved oxygen, and sulfate.

WE DO NOT CONSENT!

Copyright © 2008-2015 Scott Ledbetter, All Rights Reserved.

As a Libertarian Alternative News Source, copyrighting is really kind of taboo. It's what the Mainstream Leftist media does. So here is the way us libertarians go with copyright:

As long as you give us Credit (i.e. Ye Olde Journalist), give the author credit (i.e. Scott Ledbetter), and link to the story here, then go ahead and use what we have.

Instead of being leftist prudes, we believe in sharing so that everyone can be educated. We just believe also in fairness (something the libs claim they understand but will bully and threaten you when they do not get their way).

YOJ is looking to grow and expand in 2015

But we need you to help us. It is hard to believe that it is coming up on YOJ's 7th anniversary, and we have started a campaign on [GoFundMe](#) that allows you to invest in our future. The investing will result in a better looking website, a better URL, purchasing better equipment, and gaining the ability to add radio & video to our site. This is a very exciting time for us, and you can help us take YOJ to a whole other level. If you enjoy what we already offer, want to see more news, weather and sports brought to you, then do not forget to [go and plant seed money](#) in YOJ.

Thank you,
YOJ staff
