

Second Annual National Chemtrail Protest

Saturday, June 23, 2001 - Wright Patterson AFB, Ohio

Concerned citizens from 11 states gathered together to bring attention to the issue known as "Chemtrails" at the 2nd Annual National Chemtrail Protest. It was held at gate 12A of Wright Patterson AFB, near Dayton, Ohio.

The meeting was to give voice to the requests for acknowledgement and accountability from offices and agencies indicated to have an interest in the Chemtrail programs.

Wright Patterson Air Force Base is home to "The Weather Warriors", the 88th Weather Squadron.

"The 88th Weather Squadron has one of the most challenging and diverse missions in Air Force Weather. In addition to operating the Wright-Patterson Air Force Base, Combat Weather Team, the 88th Weather Squadron provides scientific and technical support to the Air Force Research Laboratories and Aeronautical Systems Center."

The states represented were Ohio, New Mexico, Colorado, Texas, Kentucky, Minnesota, Florida, Massachusetts, West Virginia, North Carolina, Indiana.

Speakers included Clifford Carnicom, Mike Castle, Dave Peterson, Kim Weber (Ohio Citizens Against Chemtrails/CACTUS), Lorie Kramer (Chem Trail Tracking USA/CACTUS).

As has been the case throughout most of this investigation, WE are the media.

Dayton TV Channel 2 did not cover the story. We had expected them to be there.

This no show was surprising after Channel 2 had recently interviewed Mike Castle and broadcasting that interview June 18, 2001

If you would like to tell the pretend reporters at Channel 2 what you think of them not covering the event....

That's right, we DID NOT consent.

**Please note that there were NO American flags flying at this Air
Force gate.**

**All the flags were on our side. (They always will be.)
Since I am not government property, I could not go in and ask why
not.**

I asked one of the Sheriffs who was hanging around for us if he knew why there were no United States flags flying. He said he was wondering the same thing. Then he asked why some of our flags were up-side-down. He had a sort of a scowl on his face, I think he thought it was an anarchist statement, or something. I asked him if he knew what an up-side-down flag meant? He said he didn't. I explained to him that it was the signal for "distress". His face softened. The up-side-down flag is a true statement of what is happening to our citizens as these illegal and immoral operations continue to be carried out, sickening our children and destroying our atmosphere. There has been no informed consent, nor environmental impact studies done. YOU are paying for this assault.
